## Messages

If you receive additional resources or awards, or if your enrollment or housing plans change, please notify the Financial Aid Office at [www.usc.edu/contactfao](http://www.usc.edu/contactfao) as soon as possible to have your financial aid summary updated. Submit a copy of the award letter to the Financial Aid Office if you receive new awards from any source outside of USC, including grants, scholarships, or agency awards. All revisions to your financial aid summary will be posted online. A notification will be sent to your USC e-mail account any time a change is posted. If an adjustment results in a decrease to your loan eligibility, the Financial Aid Office will reduce your future disbursement(s) or we may return previously disbursed funds, which may result in a charge to your USC student account. Occasionally, receipt of additional awards may reduce your eligibility for the University Grant.

This Financial Aid Summary details the financial assistance this student has received from USC and other sources, as of the date of the letter. This is an official document as printed and does not require signatures or letterhead for verification.
